A BIG DECISION

WHICH SCHOOL?

Where your child will spend up to seven years of their life is a huge decision for any parent. You need to be comfortable with the Principal, the Admin Officer, class teachers and school grounds: after all, they'll soon be your child's second family and home away from home.

At St Mary's, we understand the value of first-hand experience when making decisions. That's why we offer no-pressure, obligation-free tours of our school at any time throughout the year, not just on Open Days.

Meet our staff, talk to our current parents and students and you'll soon see what's so special about St Mary's.

ENROLMENTS

Information packs are available at any time from our school office. Please phone Sandi Prekop, Admin Officer, on 5127 2342 or just drop in and pick one up.

Parents frequently comment on the sense of community and belonging they experience at St Mary's. It's one of those things a small school can offer.

CHRISTIAN VALUES
Being a Christ-centred community, we model and teach the message of Jesus, reinforcing the values you emphasise at home.

MAGNIFICENT PLAYGROUND
As children spend most recess and lunch breaks playing outside, we have invested in great play equipment to promote fitness and imaginative games.

LOW FEES
Unlike most non-government schools, our fees are very affordable. In 2015 the family fee at St Mary’s is $232.50 per term.

Parent interested in having a first hand look at the school are invited to take a tour. Please telephone 5127 2342 to make an appointment.

What I love about St Mary’s is how involved and supportive the parents are. There is a strong sense that parents are partners in the education process. It is so rewarding to work with parents who actually care about their children’s learning and development.

At St Mary’s, we offer a comprehensive curriculum based on the Australian Curriculum AusVels. Our students receive a solid grounding in Literacy, Numeracy, P.E., Science, Humanities, I.C.T. and the Arts, while developing skills in independent, self-directed learning. Teachers recognise and cater for individual learning styles and incorporate the use of current technologies, such as interactive whiteboards, in their daily program.

RESPECT AND MANNERS

Every student at St Mary’s is encouraged and given opportunities to develop their full potential. Our children are expected and encouraged to show: respect for people and property, concern and understanding for all community members and maturity by taking personal responsibility for their own behaviour.
